Powderless DTF Transfer Printer
8432WDT

crio®

The Crio® 8432WDT, is a 4-color, 4-station white toner printer, making it the ideal desktop **powderless DTF system** for digital decorators, hobbyists, and small businesses. It is the perfect **NO MAINTENANCE** solution for transferring single or multi-color designs to any surface and any material (polyester, cotton, blends, acrylic, wood, mylar, balloons, metal and much more)

The versatile Crio® 8432WDT prints CMYK (black) or CMYW (white) in a single pass. Like all Crio printers, the straight paper path technology minimizes paper jam points, allowing you to print on the widest variety of media up to 11.8" wide and up to 52" long. And with toner costs averaging around $0.35 per sheet, you can profit from even the smallest orders!

Any Color, Any Material

Create beautiful, vibrant prints that transfer onto hundreds of different light and dark materials such as cotton, polyester, denim, wood, acrylic, glass, metal, and more!

Print to Profit

Print 1 or 100! With Crio's powderless transfer process, you don't need to set a minimum order quantity. You'll be able to accept one-offs to large custom orders and still profit.

No Weeding, No Problem

Crio® white toner transfers are self-weeding. There is no cutting and no weeding to deal with. Increasing production speed, saving both time and money.
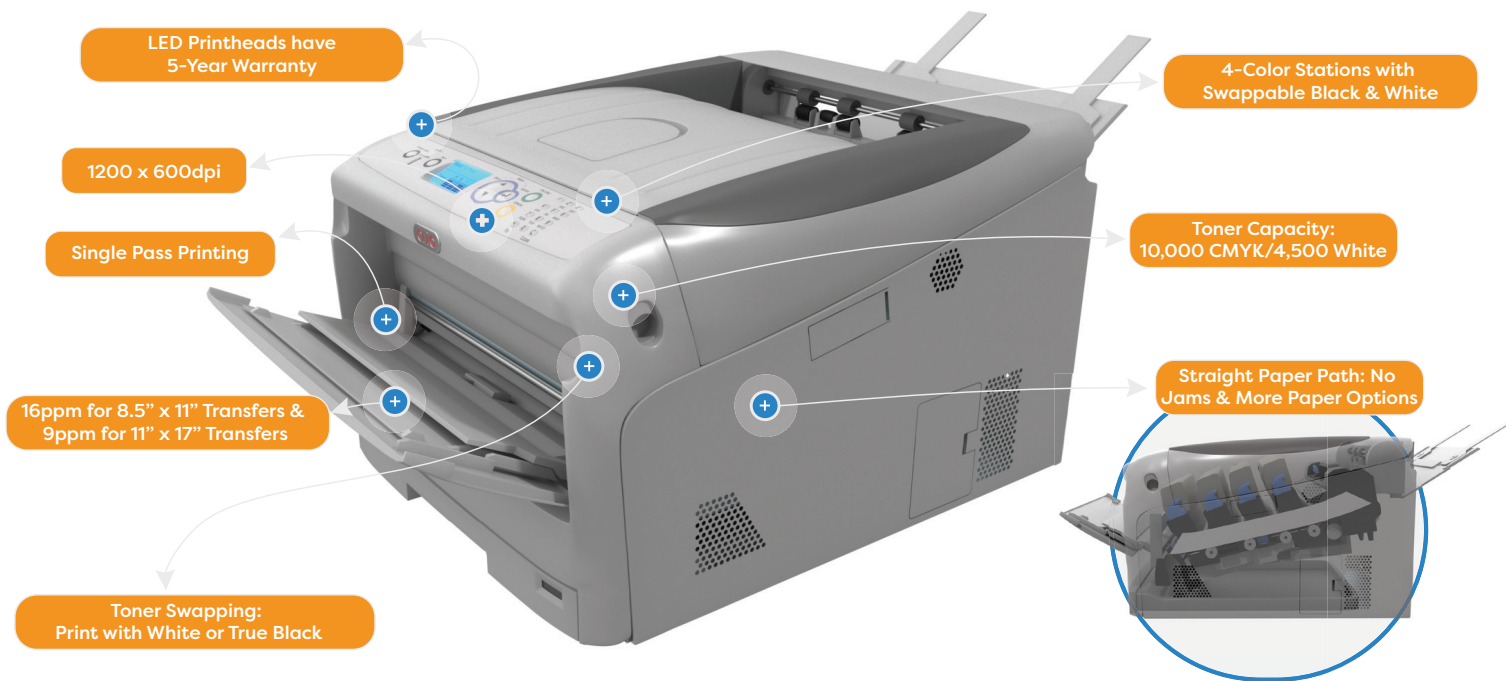

Full Color, High Resolution

Easily print full-color, high-resolution designs or photographs with up to 1200 x 600 dpi to transfer with incredible detail.

Low Cost of Ownership

Unlike sublimation or inkjet printers, Crio® powderless DTF transfer printers require virtually no regular maintenance other than replacing standard consumables, as needed.

Expert Support with CrioCare

From instructional how-to videos to free training, Crio® offers unparalleled support to ensure your success. For peace-of-mind, every Crio® printer also comes with a 2-year onsite warranty.

RIP Software & Remote Support Tablet Included
